

Legal Services

BAKER • MALLETT

Baker Mallett is a successful National Practice of Chartered Quantity Surveyors, founded in London in 1919 which has since grown throughout the UK and currently operate out of 8 offices.

The Principal disciplines of Baker Mallett are:

- ◆ Quantity Surveying
- ◆ Cost Engineering
- ◆ Contract Consultants
- ◆ CDM Coordinators
- ◆ Project Managers
- ◆ Legal Services

What does it Involve?

Baker Mallett provide a variety of Legal Services to the Construction Sector which are detailed below.

PPC2000/TPC2005 Partnering Adviser

Baker Mallett has been appointed on a number of projects in both the private and public sectors to act in the capacity of Partnering Adviser. The Practice has a number of accredited Partnering Advisers who are registered with the Association of Partnering Advisers, a nationally recognised organisation founded to assist in the development of Partnering.

By drawing on our extensive experience of Partnering, Baker Mallett is able to provide a proactive role in the selection and appointment of the Partnering Team and provide considered opinion on the most suitable form of contract for the Project. Baker Mallett can assist and prepare all necessary documentation required for the contractual framework whilst also offering practical assistance and support in any matters requiring resolutions.

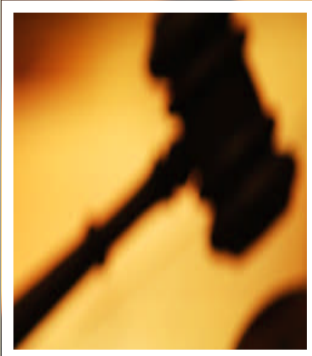

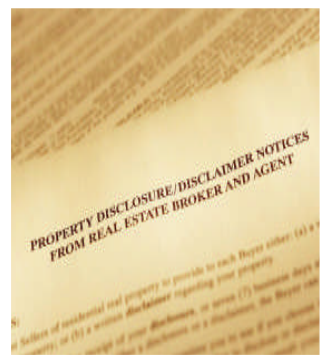

Contract Writing

Baker Mallett has developed a specialised expertise in the writing of bespoke contracts for the construction of process and materials handling plants. Contracts have included turn key, process design, engineering design, detail design and procurement. In house standard contract conditions have been prepared for individual clients.

Procurement Advice

Due to Baker Mallett 's wealth of experience in working within all sectors of the Construction Industry. Baker Mallett is ideally suited to providing clients with early stage procurement advice. This may involve either a traditional approach or that of a collaborative form of working.

How did Baker Mallett get involved?

The answer is simply "by our performance". The strategy and experience of Baker Mallett within the Construction Industry has made us National first choice when our clients require assistance of a contractual nature. Also by performance and example our reputation is spreading particularly in Legal disputes where our skills of providing Expert Witness reports is gathering pace. Baker Mallett's network of Expert Witnesses is spread over the whole practice and enables us to provide assistance in nearly all types of construction issues.

Dispute Resolution

Baker Mallett is proactive in resolution of disputes and has all of the necessary expertise to assist clients in the pursuit or defence of Contractual Claims. Baker Mallett is able to assist clients in whatever form the dispute may be held whether adjudication, litigation or alternative forms of dispute resolution.
